

Meridian IT Inc. Successfully Completes SOC 2 Audit

Deerfield, Illinois, November 12, 2025 — [Meridian IT Inc.](#), a company that focuses on helping clients with planning, optimizing, and managing technology investments to enable business strategy and growth, today announced its successful completion of its SOC 2 examination as of November 12, 2025, and includes the following scopes:

- The scope of the system includes the Managed Services System performed in Kenosha, Wisconsin, Oak Brook, Illinois, Atlanta, Georgia, and Denver, Colorado facilities.

The SOC 2 audit was conducted by A-LIGN, the leading provider in cybersecurity compliance trusted by more than 4,000 global organizations to help mitigate cybersecurity risks.

Established by the American Institute of Certified Public Accountants (AICPA), the SOC 2 examination is designed for organizations of any size, regardless of industry and scope, to ensure the personal assets of their potential and existing customers are protected. SOC 2 reports are recognized globally and affirm that a company's infrastructure, software, people, data, policies, procedures and operations have been formally reviewed.

"Congratulations to Meridian IT Inc. for completing their SOC 2 audit, a widely recognized signal of trust and security," said Steve Simmons, COO of A-LIGN. "It's great to work with organizations like Meridian IT Inc., who understand the value of expertise in driving an efficient audit and the importance of a high-quality final report."

This certification demonstrates Meridian IT's continued commitment to compliance and ensures customers with the confidence that required safeguards are in place to protect their data.
